NOTE 1 - Organization

Southern University (the University) is a publicly supported institution of higher education. The University is a political subdivision of the State of Louisiana, within the Executive Branch of government, under the management and supervision of the Southern University Board of Supervisors. However, the annual budget of the University and proposed changes to the degree programs, departments of instruction, or others, require the approval of the Board of Regents. The Board of Supervisors is comprised of 17 members appointed for a six year term by the Governor with the consent of the Senate, and one student member appointed for a one year term by a council composed of the student body presidents of the Southern University System. As a State agency, operations of the University's instructional programs are funded through annual lump-sum appropriations made by the Louisiana Legislature.

The Southern University-Baton Rouge Campus operates the following intercollegiate athletics programs:

- Football;
- Basketball (men and women);
- Baseball;

NOTE 2 - Summary of Significant Accounting Policies:

Basis of Reporting:

The accompanying schedule of revenues and expenditures for the Intercollegiate Athletics Program has been prepared in the format set forth in the NCAA Audit Guide. The purpose of the schedule is to present a summary of those activities of the Southern University-Baton Rouge Campus (the University) Intercollegiate Athletics Program for the year ended June 30, 2001.

Because the schedule presents only selected financial activities of the University, it is not intended to and does not present either the financial position, changes in fund balances or the current fund's revenues, expenditures and other changes of the University.

All activities of the intercollegiate athletics program are reported among the University's unrestricted current funds. The unrestricted current funds of the University were audited by the State of Louisiana Legislative Auditor.

The accounting principles followed by the University in preparing the schedule of revenues and expenditures are as follows:

o **Fund Accounting:**

The accounts of the University are maintained in accordance with the principles of fund accounting under which resources for various purposes are classified into funds according to specified activities or objectives. Financial transactions of funds having similar characteristics are combined and reported by fund group. As indicated above, the activities of the intercollegiate athletics program are reported in the unrestricted current funds.

NOTE 2 - Summary of Significant Accounting Policies:
Continued:

a. Basis of Accounting.

The schedule of revenues and expenditures for the Intercollegiate Athletics Program has been prepared on the accrual basis of accounting, except that (1) depreciation is not recognized, (2) annual and sick leave are recognized when paid, (3) summer school tuition and fees and faculty salaries and related benefits are not accrued, but are deferred to the succeeding year, and (4) inventory of the general fund are recorded as expenditures at the time of purchase.

The preparation of the schedule of revenues and expenditures in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Additionally, the excess of revenues over expenditures that a specific intercollegiate athletic program generates is utilized to offset a deficit experienced by another program and are recorded as transfers.

To the extent that camera funds are used to finance plant assets, the amounts so provided are accounted for as expenditures.

NOTE 3 - Student Athletic Fees:

An athletic fee of \$90.00 per semester is assessed to full-time undergraduate, graduate and law students who are enrolled on campus and for part-time undergraduate students who are also enrolled on campus. For purposes of the Schedule of Revenues and Expenditures, the student athletic fees have been allocated to other sports and non-program specific activities.

Capital outlays are recorded as expenditures in the current fund and as an addition to fund balance in the Net Investment in the Plant Fund.

NOTE 5 - NCAA Revenue Distribution:

The Intercollegiate Athletics Program received revenues during the year from the NCAA for certain intercollegiate athletic activities. The amount received was calculated by the NCAA in accordance with a distribution formula which is utilized to determine the amount to be retained to all participating institutions.

NOTE 6 - Outside Organizations:

Southern University-Hatton Rouge Campus Intercollegiate Athletics Program is the recipient of contributions to or in behalf of the program established by the Southern University Quarterback Club, East Hatton Rouge Area Chapter, Inc. (the Quarterback Club). The financial activities of the Quarterback Club for the year ended December 31, 2000 were not available as of the report issuance date.

NOTE 7 - Scholarship Expenses:

The total scholarship expense per the statement of revenues and expenses represents all athletic scholarships disbursed during the Fall 2000, Spring, and Summer 2001 semesters.
